What additional thing did Ezra do ? _____

3. **In providing _____** v. 7:28

We all have areas of need for more growth

4. **In providing _____** vv. 8:15-20

Things to be asking yourself:

1. Do you see your need for the gracious hand of God to be at work in your life?

2. How much of your life is about God and being used of Him in where He has placed you?

What changes do you sense God is telling you to make?

3. Are any of the points made ones that you need to specifically pray about?

Which ones? Write them down and pray for them this week.

4. Is God calling you to humble yourself before Him and fast, seeking His help?

If so set a day to do just this don't put it off, God wants to work!

5. Do you need more of the grace of God at work in your life because you find yourself being critical and judging of others shortcomings?
Time to take action!

Confess, repent, and ask God to move in your heart, filling it with His grace so that His grace will flow out to others.

6. Is God calling you to take action in your life so that you are being more intentional in ministering to others?

Pray, seeking His leading on what actions steps you need to take.
