

Staying the Course!

August 28, 2016

What does God tell us to help us stay the course in our faith walk with Him?

1. Begins with a severe _____

Don't think for a second it is ok to reject the Gospel and life in sin

It is a dreadful thing to fall into the hands of the living God.

Hebrews 10:31 (NIV)

Then does some P.R. work to encourage them further....

2. Reminds them of their **P** _____

Remember how zealous you were? Still in you!

What as the secret to their strong faith?

_____ of life

They focused on the heavenlies and what awaits them

Are you in need of a different view?

3. Think about their **R** _____

Nothing wrong to think about this, it is meant to be an encouragement and to help us stay the course.

Points to ponder:

A. How seriously do you take God and what awaits those who turn from Him? Is there a need to make a change in your thinking?

B. Take time to think about times where you were more zealous for God and let this minister to your heart and encourage you that you can be that way again.

C. Pull out the telescope this week (keep it out) and look at what awaits you and the rewards of living out your faith and stay the course!
