

Faith Busters

Luke 17:1-10

September 7, 2014

Last week we learned that Faith in the Future brings joy as we think about what we have to look forward to in Christ. No one or thing can take this away from us!

The whole issue of faith comes up with the disciples as Jesus is teaching them in Luke 17 and from it we will learn some things about faith that may be Faith Busters for you.

Faith Buster # 1 (vv 1-2)

Your _____ goes way beyond you and out to what others see and you will be held accountable

How often do you think about what your actions and words are communicating to others and the effect it can have on them?

Faith Buster # 2 (vv 5-6)

You have _____! Issue is of

_____ the faith you do have.

Life example with our youth mission trips...

Where are the prayers for more faith in the bible?

Faith Buster # 3 (v 6)

The _____ does not come from your _____, but from God, though faith does need to be present...but even a _____ is enough!

Be encouraged and call upon Him!

What makes all the above truths become a reality in our lives is found in what Jesus teaches in vv 7-10. Failing to apply it will greatly limit the power of God at work in our lives!

Once we get past our faith for salvation, what is the purpose of our faith?

Faith Buster # 4 (vv7-10)

Faith is for _____ not for

We are to never forget our role and our relationship to God

Look at your prayers what have they been about?

It's time to exercise our faith in the right way!

Is there something God has been asking of you that you have been avoiding? Are you ready to follow?

This is what a disciple is all about!

At FBC we want to be about making disciples who walk by faith, knowing and believing in what God can do, who call upon Him, and who understand that we are servants of His, for His Kingdom and not our own. As we live this way we will see more of the power of God at work.
